

TEE OFF 24

FOR BREAST CANCER TRIALS

Helping to save lives today,
tomorrow and forever.

Pacific Harbour Golf & Country Club

Dear Golfers,

The Sands Torquay has proudly organised a Breast Cancer Trials Tee Off event for the past six years, garnering incredible support from the local community and businesses. Under new management and with the backing from our ladies Golf Committee and members and dedicated Sales and Marketing team, we aimed to raise \$10,000 in 2023.

We are grateful for the generosity of local businesses, friends and family, especially our major sponsor Taylor Made Golf, who supported and contributed prizes, silent auction items and winner goods. Their support along with that of the Surf Coast region's 100 ladies who attended, helped us surpass our goal.

In 2023, we achieved remarkable success, raising an impressive total of \$14,846. This triumph is a testament to the hard work of the committee, Sales and Marketing teams, and the unwavering support of our Torquay community.

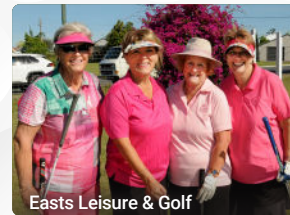

Given the personal connections many of our members have with cancer, our commitment to supporting Breast

Cancer Trials remains steadfast. The funds raised contribute to vital research against this invasive disease, aligning with the compassionate spirit of our Torquay community.

Our Tee Off event was a festive occasion, starting with a sea of pink-clad attendees registering for the event. Participants enjoyed a day featuring sponsored holes and entertaining activities. A delightful buffet, complimented by a selection of homemade pink desserts, added to the enjoyment, creating a memorable afternoon in support of this crucial cause.

Looking ahead to 2024, we aspire to continue our partnership with Breast Cancer Trials and elevate our fundraising goal. With the backing of our supportive community, encompassing friends, family and local businesses, we aim to make an even greater impact in the fight against breast cancer. Together, let's tee up for a cause we passionately believe in!

What your support means

Tee Off is a national initiative where clubs all over Australia are invited to combine their love of golf with their passion to raise funds for breast cancer clinical trials research.

Breast Cancer Trials is Australia's only national, independent breast cancer clinical trials research organisation. Our research identifies new ways to prevent, treat and cure breast cancer, and is the critical step in making new treatments available to people who need them.

Deaths from breast cancer have fallen over 30% in the past 20 years, and this is largely due to new treatments identified through our Breast Cancer Trials research program.

But we still have a long way to go. This year, breast cancer is estimated to be the most commonly diagnosed cancer in Australian women. Every day 57 people are diagnosed, that's one person every 25 minutes, and eight will lose their life to breast cancer. Together we can change this.

With your support, we can and we will find new and better treatments and prevention strategies to save lives.
